• Food:

Store at least a three-day supply (but better to store up to a two week supply in case of quarantine or social distancing) of non-perishable food. Select foods that require no refrigeration, preparation or cooking and little or no water. If you must heat food, pack a can of Sterno (canned cooking fuel, used for camping and catering). Select food items that are compact and lightweight. Avoid foods that will make you thirsty. Choose salt-free crackers, whole grain cereals, and canned foods with high liquid content.

*Include a selection of the following foods in your Disaster Supplies Kit:

Note: Be sure to include a manual can opener.

Ready-to-eat canned meats, fruits and vegetables

Canned juices, milk, soup (if powdered, store extra water)

Staples: sugar, salt, pepper

High energy foods: peanut butter, jelly, crackers, granola bars, trail mix

Vitamins

Foods for infants, elderly persons or persons with special dietary needs

Comfort/stress foods: cookies, hard candy, sweetened cereals, lollipops, instant coffee, tea bags

• First Aid Kit:

Assemble a first aid kit for your home and one for each car. A first aid kit should include:

Sterile adhesive bandages in assorted sizes

2-inch sterile gauze pads (4-6)

4-inch sterile gauze pads (4-6)

Hypoallergenic adhesive tape

Triangular bandages (3)

2-inch sterile roller bandages (3 rolls)

3-inch sterile roller bandages (3 rolls)

Ace bandages (for wrapping, 2 rolls)

Scissors

Tweezers

Needle

Moistened towelettes

Antiseptic (rubbing alcohol, hydrogen peroxide and anti-bacterial cream)

Thermometer (adult and infant if you have babies or small children)

Tongue blades (2)

Tube of petroleum jelly or other lubricant

Assorted sizes of safety pins

Cleansing agent/soap

Latex gloves (2 pair)

Sunscreen

Baby and infant medicine dispenser

Dental floss

Non-Prescription Drugs

Aspirin and non-aspirin pain reliever

Anti-diarrhea medication

Antacid (for stomach upset)

Syrup of Ipecac (use to induce vomiting if advised by the Poison Control Center)

Laxative

Activated charcoal (use if advised by the Poison Control Center)

Eye drops

Alcohol-free mouth wash

Pet First Aid Kit

1ml Plastic Dropper (1)

Tweezers (1)

Deluxe Bandage Shears 5" (1)

Sterile Rolled Gauze 4"x4 yards (1)

Rolled Gauze 2"x4 yards (1) Instant Ice Pack (1) Combine Pad 5"x9" (1) Emergency Blanket (1) Triple Anti-Biotic Packs 0.9gm 6 - Cotton Tip Applicators 3" (2) Pen Light (1) Sterile Eye Wash 1 oz. (1) Hydrogen Peroxide 3% 4 oz. (1) Pair Vinyl Gloves (2) 6" Tongue Depressor (1) Styptic Pencil (1) Non-Adherent Bandage 2"x3" (1)

Contact your local American Red Cross chapter to obtain a basic first aid manual.

Clothing, Bedding and Sanitation Supplies:

Clothing:

If you live in a cold climate, you must think about warmth. It is possible that you will not have heat. *Include at least one complete change of clothing and footwear per person.

Jacket or coat Long pants Long sleeve shirt Sturdy shoes or work boots Hat, gloves and scarf Rain gear (hat, rain coat, rain pants, boots and umbrella) Thermal underwear Sunglasses

Bedding:

Blankets or sleeping bags

Sanitation:

Toilet paper Soap, liquid detergent Feminine supplies Personal hygiene items Plastic garbage bags, ties (for personal sanitation uses)

Plastic bucket with tight lid (empty kitty litter container works also)

Disinfectant

Household chlorine bleach (unscented)

Tools:

Mess kits, or paper cups, plates and plastic utensils

Emergency preparedness manual

Portable, battery-operated radio or television and extra batteries

Flashlight and extra batteries

Candles

Cash or traveler's checks, change Non-electric can opener, utility knife Fire extinguisher: small canister, ABC type

Tube tent

Pliers or multi-function tool (e.g., Swiss Army Knife, Leatherman, etc.)

Tape (Duct and masking tape)

Compass

Matches in a waterproof container

Aluminum foil and Plastic wrap

Zip-Lock bags (snack, sandwich and gallon sizes)

Plastic storage containers

Signal flare

Paper, pencil

Needles, thread

Medicine dropper

Shut-off wrench or pliers, to turn off household gas and water

Whistle

Plastic sheeting

Map of the area (for locating shelters)

• Special Items:

Remember family members with special needs, such as infants and elderly or disabled persons.

• For Baby

Formula

Diapers

Bottles

Pacifiers

Powdered milk

Medications

For Adults

Heart and high blood pressure medication

Insulin

Prescription drugs

Denture needs

Contact lenses and supplies

Extra eye glasses

Hearing aid batteries

• Important Family Documents:

Keep these records in a waterproof, portable container.

Will, insurance policies, contracts, deeds, stocks and bonds.

Photo IDs, passports, social security cards, immunization records

Bank account numbers

Credit card account numbers and companies

Inventory of valuable household goods, important telephone numbers

Family records (birth, marriage, death certificates)

Photocopies of credit and identification cards

• General Items:

Cash and coins.

Entertainment

Games, cards and books.

Disaster Supplies Kit Locations:

Home

Your disaster supplies kit should contain essential food, water, and supplies for at least three days (but better to store up to a two week supply in case of quarantine or social distancing).

Keep this kit in a designated place and have it ready in case you have to leave your home quickly. Make sure all family members know where the kit is kept.

Additionally, you may want to consider having supplies for sheltering for up to two weeks.

Work

This kit should be in one container, and ready to "grab and go" in case you are evacuated from your workplace.

Make sure you have food and water in the kit. Also, be sure to have comfortable walking shoes at your workplace in case an evacuation requires walking long distances.

Car

In case you are stranded, keep a kit of emergency supplies in your car.

This kit should contain food, water, first aid supplies, flares, jumper cables, and seasonal supplies.

• Disaster Supplies Kit Maintenance:

Just as important as putting your supplies together is maintaining them so they are safe to use when needed. Here are some tips to keep your supplies ready and in good condition:

- Keep canned foods in a dry place where the temperature is cool.
- Store boxed food in tightly closed plastic or metal containers to protect from pests and to extend its shelf life.
- Throw out any canned good that becomes swollen, dented, or corroded.
- Use foods before they go bad, and replace them with fresh supplies.
- Place new items at the back of the storage area and rotate older ones to the front.
- Change stored food and water supplies every six months. Be sure to write the date you store it on all
 containers.
- Re-think your needs every year and update your kit as your family needs change.
- Keep items in airtight plastic bags and put your entire disaster supplies kit in one or two easy-to-carry containers, such as an unused trashcan, camping backpack, or duffel bag.
